MATH Question 1 of 8

Draw a line from each analogue clock to the digital clock that shows the same time

Read Aloud

Get Help

Get Hint

The image displays four pairs of analog and digital clocks. Each pair consists of an analog clock on the top row and a digital clock on the bottom row.

- Analog Clock:** Shows the hour hand between 10 and 11 and the minute hand at 3, indicating 10:15.
- Digital Clock:** Shows 2:15.
- Analog Clock:** Shows the hour hand between 9 and 10 and the minute hand at 6, indicating 9:30.
- Digital Clock:** Shows 9:45.
- Analog Clock:** Shows the hour hand between 8 and 9 and the minute hand at 12, indicating 8:00.
- Digital Clock:** Shows 4:15.
- Analog Clock:** Shows the hour hand between 1 and 2 and the minute hand at 3, indicating 1:15.
- Digital Clock:** Shows 11:45.

What format do the matching images need to go in as?
Do they need to draw on the image with the white background ,or can it be drawn within the background of the portal - example: this layout or the one below?
